Nerul, Maharashtra

Passionate Application Developer with a strong frontend focus and 1+ year of experience building responsive, scalable, and user-centric web applications using Angular, React, and TypeScript. Skilled in designing clean UIs, integrating RESTful APIs, and creating reusable components. Strong foundation in UI/UX principles, performance optimization, and modern development tools. Adept at delivering high-quality frontend experiences in team environments.

Work Experience

Application Developer (Frontend) Itvedant Education Pvt. Ltd Apr 2024

- Developed and maintained full-stack applications with a primary focus on frontend development using Angular and React.
- Delivered 10+ responsive UI screens, enhancing accessibility and cross-device compatibility.
- Integrated RESTful APIs and implemented secure user authentication workflows.
- Used jQuery and AJAX to create seamless user interactions without full page reloads.

Skill

- Frontend: HTML5, CSS3, JavaScript, TypeScript, Angular, React, Bootstrap, jQuery
- UI/UX Design: Figma, Canva, Wireframing, Prototyping
- Backend & API: RESTful APIs, MySQL, SQL
- Tools & Platforms: Git, GitHub, VS Code, Postman, WordPress, Google Sheets
- Core Concepts: Object-Oriented Programming (OOP), DSA Basics

Project

BlogShell (React) | [Live Demo](#)

- Built a responsive CRUD blog platform with React, Axios, and React Router.
- Implemented modular components, form validation, and local-storage fallback.
- Crafted mobile-first UI for seamless user experience.

DishDiaries (Angular) | [Live Demo](#)

- Developed a recipe management system using Angular and MockAPI.
- Features include add/edit/delete recipes with reactive forms and validation.
- Integrated contact form, improved UI with Bootstrap for responsiveness.

Gaming World UI (HTML/CSS/JS) | [Live Demo](#)

- Developed a recipe management system using Angular and MockAPI.
- Features include add/edit/delete recipes with reactive forms and validation.
- Integrated contact form, improved UI with Bootstrap for responsiveness.

KnowledgeBytes (HTML/CSS/JS) | [Live Demo](#)

- Developed an interactive knowledge-sharing portal with vanilla JavaScript, HTML, and CSS.
- Implemented dynamic topic switching, DOM manipulation, and UI animations for a seamless browsing experience.
- Ensured responsiveness with flexible layouts and transitions across devices.
- Structured code with clear functions/modules for maintainability and scalability.
